## **Para USA grants distribution rights to ProForce Law Enforcement**

PRESCOTT, ARIZONA – ProForce Law Enforcement is delighted to announce that it has been granted distribution rights from Para USA for law enforcement sales in US.

In 1988, Para took the shooting world by storm with the first significant improvement on the basic Model 1911 design in 77 years. More than simply a high capacity frame and magazine, the Para pistol design incorporated a dozen visual enhancements to create a stronger, more accurate and more reliable handgun. Para USA, a leader in handgun technology and a winner of many prestigious awards has built a solid and enviable reputation for innovation, performance and reliability.
